

Discipleship Group Covenant

Because of God's love for me in Christ,¹ and my love for Him in response,² it is my desire to glorify Him by pursuing spiritual maturity³ and making disciples.⁴ Therefore, I do covenant with this group that it is my intention, with the help of God, to faithfully fulfill the following requirements of this Discipleship Group:

1. **To attend all meetings unless providentially hindered.** As far as my schedule is under my control, I will arrange other responsibilities so as not to conflict with Discipleship Group meetings. If a conflict does arise, I will let my group leader know immediately.
2. **To engage in daily personal worship.** This includes both Bible intake (reading or study) and prayer.
3. **To complete all assignments to the best of my ability.** This includes following the group Bible study plan and memorizing selected verses.
4. **To fully participate in group discussions.** This includes sharing about agreed accountability issues and being actively engaged in Bible study discussions.
5. **To protect the confidentiality of the group.** I pledge to keep whatever is shared in this group confidential so as to encourage trust, openness and honesty.
6. **To pray for and pursue evangelistic opportunities.** This includes praying for, building relationships with, and proactively seeking opportunities to expose lost people to the gospel.
7. **To be actively involved in Campus Outreach on my campus.** This means that as best I can, I will participate in campus meetings, conferences, and retreats as I understand that these are part of the discipleship training.

In summary, by committing to this Discipleship Group I am committing to do the following:

- Attend Discipleship Group with all assignments completed (Bible study, book, SM, etc...)
- Meet one-on-one with my leader when scheduled
- Attend CO functions to the best of my ability (especially Prayer and Weekly Campus Meetings)
- Proactively seek to share the gospel with others

I understand that my leader is making the following commitments to me:

- Thoughtfully and thoroughly prepare for each discipleship group and one-on-one
- Be available to me (as much as possible) for personal mentoring

If at any point I realize that I am either unable or unwilling to keep this covenant, I will on my own initiative let my group leader know and graciously forgo further involvement in this group.
