

Systematic Theology Study

Simply put, theology is the study of God, his attributes, and his relationship to creation. Systematic theology, then, is a method of studying theology in a “systematic” way – that is, summarizing what all relevant Bible passages teach about a particular topic. A basic understanding of systematic theology is important for all Christians since it enables us to know and teach others what the Bible says about a given topic and its implications for our daily lives. ***The goal of this study is to give you a firm understanding of the major doctrines of Scripture and give you a theological framework for future study.***

- ❖ For each verse: (a) State the Facts (b) Ask/Answer Questions (c) Form Principles & Applications (d) Respond in Prayer
- ❖ On Day Six, review your notes and summarize what you have learned about the doctrine(s) you studied that week.
- ❖ For each week, reach the assigned chapters in *Christian Beliefs* which will enhance your understanding of each topic.
